

# RAZER HAMMERHEAD PRO V2

MASTER GUIDE

Thoroughly re-designed, the durable **Razer Hammerhead Pro V2** has gone from strength to strength, with an improved body design and flat-style cables to further complement the mobile gamer in you.

Experience superior acoustic clarity and improved bass performance through the upgraded extra-large 10 mm dynamic drivers, over 20% larger than the original Razer Hammerhead, featuring an optimized inner acoustics chamber.

The Razer Hammerhead Pro V2 complements every style while retaining its signature durability factor. Designed with a high quality body to enable improved acoustics, the new flat-style cables also facilitate fuss-free mobility and easy storage while you're on the move.

The discreet in-line microphone on the Razer Hammerhead Pro V2 has been further enhanced with a 3-button remote control. Whether you need to control the volume or answer a call, the 3 Quick Action Control buttons give you greater flexibility with your mobile devices.

## 5. USING YOUR RAZER HAMMERHEAD PRO V2

### ACHIEVING A PROPER SEAL

To enjoy the full-bodied bass of the Razer Hammerhead Pro V2 as it is intended, please ensure that the earphones are properly fitted into your ears and that a proper seal is achieved to block out ambient noise.

### REMOVING YOUR RAZER HAMMERHEAD PRO V2

CAUTION: Do not yank out earphones from your ears as the sudden release of air pressure might cause potential discomfort.

### EAR-TIP SIZES

Due to the different ear canal sizes of individuals, the default ear-tips may not achieve a proper seal. Interchanging the ear-tips to a larger/smaller size will improve performance.

### REMOVING THE EAR-TIPS

1. Firmly hold the neck of the earphone.
2. Grip the opening of the ear-tip firmly with the other hand.
3. Pull ear-tip downwards gently until it is released from tip of the earphones.

### REPLACING THE EAR-TIPS

1. Firmly hold the neck of the earphone.
2. Push mouth of the ear-tip onto tip of the earphone.
3. As you apply pressure, use a gentle twisting motion until ear-tip is secured and in place.

### USING THE MEDIA BUTTONS

The following in-line remote functions are available when connected to an iOS device.

*Note: Functionality of the in-line remote may be limited when connected to other devices.*

	VOLUME UP BUTTON	
	Single Press	Increase audio volume

	VOLUME DOWN BUTTON	
	Single press	Decrease audio volume

## CENTER BUTTON

Single press	Plays/Pause audio playback
	Accept incoming call or end current call
Double press	Next track
	Hold call and accepts a 2 <sup>nd</sup> incoming call. Press the button again to return to the previous call.
Triple press	Previous track
Press and hold	Decline an incoming call
Double press and hold on 2 <sup>nd</sup> press	Fast forwards the current track
Triple press and hold on 3 <sup>rd</sup> press	Rewinds the current track

---

## 6. SAFETY AND MAINTENANCE

### SAFETY GUIDELINES

In order to achieve maximum safety while using your Razer Hammerhead Pro V2, we suggest that you adopt the following guidelines:

1. Should you have trouble operating the device properly and troubleshooting does not work, unplug the device and contact the Razer hotline or go to [razersupport.com](https://razer.com/support) for support. Do not attempt to service or fix the device yourself at any time.
2. Do not take apart the device (doing so will void your warranty) and do not attempt to operate it under abnormal current loads.
3. Keep the device away from liquid, humidity or moisture. Operate the device only within the specific temperature range of 0°C (32°F) to 40°C (104°F). Should the temperature exceed this range, unplug and/or switch off the device in order to let the temperature stabilize to an optimal level.
4. The Razer Hammerhead Pro V2 isolates external ambient sounds even at low volumes, resulting in lowered awareness of your external surroundings. Please remove the Razer Hammerhead Pro V2 when engaging in any activity that requires active awareness of your surroundings.
5. Listening to excessively loud volumes over extended periods of time can damage your hearing. Furthermore, legislation of certain countries permits a maximum sound level of 86db to affect your hearing for 8 hours a day. We therefore recommend that you reduce the volume to a comfortable level when listening for prolonged periods of time. Please, take good care of your hearing.

### MAINTENANCE AND USE

The Razer Hammerhead Pro V2 requires minimum maintenance to keep it in optimum condition. Once a month we recommend you unplug the device from the computer and clean it using a soft cloth or cotton swab with a bit of warm water to prevent dirt buildup. Do not use soap or harsh cleaning agents.

### LIMITED PRODUCT WARRANTY

For the latest and current terms of the Limited Product Warranty, please visit [razerzone.com/warranty](http://razerzone.com/warranty).

### LIMITATION OF LIABILITY

Razer shall in no event be liable for any lost profits, loss of information or data, special, incidental, indirect, punitive or consequential or incidental damages, arising in any way out of distribution of, sale of, resale of, use of, or inability to use the Product. In no event shall Razer's liability exceed the retail purchase price of the Product.

### COSTS OF PROCUREMENT

For the avoidance of doubt, in no event will Razer be liable for any costs of procurement unless it has been advised of the possibility of such damages, and in no case shall Razer be liable for any costs of procurement liability exceeding the retail purchase price of the Product.

## GENERAL

These terms shall be governed by and construed under the laws of the jurisdiction in which the Product was purchased. If any term herein is held to be invalid or unenforceable, then such term (in so far as it is invalid or unenforceable) shall be given no effect and deemed to be excluded without invalidating any of the remaining terms. Razer reserves the right to amend any term at any time without notice.
