

Sound quality, comfort and durability are hallmarks of a good pair of headphones. With an ultra-premium fit and a durable, brushed aluminum finish, the Razer Kraken Forged Edition Music and Gaming Headphones offer full bodied sound that's built to last. The Razer Kraken Forged Edition is outfitted with dynamic, custom tuned 40mm neodymium magnet drivers delivering booming bass, clear mids and crisp highs – producing a sound signature perfect for music and gaming.

To create a perfect pair of headphones, powerful audio has to be matched with a comfortable form factor. Featuring circumaural ear cups with plush leatherette ear cushions, and a fully adjustable headband design, the Razer Kraken Forged Edition headphones are made to be worn for hours on end.

Complete with a hard carrying case and swappable cables for use with and without an in-line microphone, the Razer Kraken Forged Edition is a perfect blend of form, function and versatility.

6. SAFETY AND MAINTENANCE

SAFETY GUIDELINES

In order to achieve maximum safety while using your Razer Kraken Forged Edition, we suggest that you adopt the following guidelines:

1. Should you have trouble operating the device properly and troubleshooting does not work, unplug the device and contact the Razer hotline or go to www.razersupport.com for support. Do not attempt to service or fix the device yourself at any time.
2. Do not take apart the device (doing so will also void your warranty) and do not attempt to service it yourself or operate it under abnormal current loads.
3. Keep your device away from liquid, humidity or moisture. Operate your device only within the specified temperature range of 0°C (32°F) to 40°C (104°F). Should you operate it in a temperature that is beyond this range, unplug and switch off the device in order to let the temperature stabilize within the optimal temperature range.
4. The device isolates external ambient sounds even at low volumes, resulting in lowered awareness of your external surroundings. Please remove the device when engaging in any activities that requires active awareness of your surroundings.
5. Listening to excessively loud volumes over extended periods of time can damage your hearing. Furthermore, legislation of certain countries permits a maximum sound level of 86db to affect your hearing for 8 hours a day. We therefore recommend that you reduce the volume to a comfortable level when listening for prolonged periods of time. Please, take good care of your hearing.

MAINTENANCE AND USE

The Razer Kraken Forged Edition requires minimum maintenance to keep it in optimum condition. Once a month we recommend you unplug the device and clean it using a soft cloth or cotton swab with a bit of warm water to prevent dirt buildup. Do not use soap or harsh cleaning agents.
