

RAZER  
**SERVAL**

Control goes beyond pure power, it requires absolute adaptability. Complete with the features of a full-fledged console controller, the Razer Serval elevates your android gaming experience to a whole new level. Designed for the Razer Forge TV, this Bluetooth enabled gaming controller has been built with the same precision and ergonomics as Razer's award winning console controllers.

Together with an adjustable game clip for your mobile phone, the Razer Serval can be used for a multitude of functions, making it the ultimate controller for gaming on your Android devices.

## 4. PAIRING WITH YOUR RAZER FORGE TV

1. Insert the batteries into the battery casing and attach the battery casing onto the controller.

*Note: Use only 2 AA ALKALINE batteries. Using non-Razer approved batteries may harm the device and/or cause serious physical injury to the user.*

2. Press the **Power** button for at least seconds to turn on the controller.

3. Download and launch the Forge TV Remote app on your compatible Android or iOS smartphone or tablet.

4. From the Home screen of your Forge TV, go to **Settings** > **Remote & accessories**, and select **Add accessories** using the Forge TV Remote app. (Process may vary for Android devices with customized user interface.)

Simultaneously hold the Home and Back buttons for at least 3 seconds on the controller to activate pairing mode.

All 4 LEDs will blink simultaneously to indicate that the controller is attempting to connect with the Razer Forge TV. Once paired, you only need to press the **Power** button for half a second to turn on the controller.

For subsequent pairing with other devices, simultaneously hold the Back and Home buttons for at least 3 seconds to reactivate pairing mode.

Press and hold both buttons  
for 3 seconds to pair

### ***USING WIRED CONNECTION (OPTIONAL)***

Connect the USB cable from the Razer Serval to your Forge TV's USB port.

You are now ready to use the Razer Serval on your Razer Forge TV. Have fun!

---

## 5. PAIRING WITH ANDROID MOBILE PHONES

1. From the Home screen of your Android mobile phone\*, go to **Settings** > **Network Connections** (or **Wireless & Network**), select **Bluetooth** and switch it on. (Process may vary for Android devices with customized user interface.)

\*Android mobile phone not included

2. While the controller is turned on, simultaneously press and hold the **Home** and **Back** buttons for at least 3 seconds on the controller to activate pairing mode.

3. When the controller is discovered, select it from the list of discovered devices, and wait until the controller is paired. Once paired, you only need to press the **Power** button for half a second to turn on the controller.

You are now ready to use the Razer Serval on your Android mobile phone. Have fun!

---

## 6. PAIRING WITH MULTIPLE DEVICES

The Razer Serval can remember up to four unique device pairings; allowing you to seamlessly switch between multiple devices.

To save a recently paired device while the Razer Serval is turned on:

1. Press and hold the **Power** button for less than 3 seconds, then immediately press the **Action** button you want to associate with the device.

A corresponding LED will blink 3 times to indicate that the device is successfully saved.

2. Release the **Power** button.

To load a saved device:

1. Turn off the Razer Serval by pressing the **Power** button for at least 3 seconds.

2. Press and hold the corresponding **Action** button for the saved device

3. Press the **Power** button for half a second to turn on the Razer Serval.

4. Release the corresponding **Action** button for the saved device.

You are now ready to use the Razer Serval on multiple devices. Have fun!

---

## 7. ACCESSORIES

### ***DETACHABLE GAME CLIP***

Attach the game clip to the controller if you are using an Android phone.

***Step 1***

***Step 2***

***Detach***

***ANALOG STICK RUBBER GRIP CAPS***

The additional texture on the rubber grip caps prevent your thumbs from slipping off the analog sticks during intense gaming sessions.

---

## 8. RESTORING TO DEFAULT SETTINGS

To restore your Razer Serval to its original settings, turn off the Razer Serval, and then press and hold the Up, Home and Y buttons. While the buttons are pressed, press and hold the Power button for at least 2 seconds. All 4 LEDs will blink simultaneously to indicate that reset is successful.

---
