- RZ09-02886
- RZ09-02887
- RZ09-02888

APPLICATION NAME AND VERSION

Intel UHD Graphics 630 Application Version 2.4.0.0

INSTRUCTIONS

Note: This download is only intended for the Razer Blade Laptop(s) listed above. Updates for this application may be available via standard Windows Updates. To ensure you have the latest application installed on your Blade please make sure to apply all available updates from Windows.

Please follow the instructions below to download and install the original application for your Blade. Following the installation, it is recommended to search for any available Windows Updates.

- Ensure your Blade is plugged into a wall outlet and not running on battery alone before proceeding.
- Please save any open documents on your computer and close all other programs before attempting this update.
- Download the application from the link below. You will need to right click the .zip folder and choose to extract the files to a location of your choosing (such as your desktop) to locate the files for the installation process.
    http://rzr.to/GnozX

- Once you have extracted the file proceed to the installation steps below.
INSTALLATION PROCESS

Note: This App is dependent upon the Intel UHD Graphics 630 Driver. Please install the driver first before installing this app.

1. To initiate the install, click on the Install.bat (Windows Batch File) as shown on the image below.

2. You will be prompted to confirm the changes about to be made to the system by the UAC. Click 'Yes' to continue.

3. After allowing the changes, you will see a Window Command Shell window appear. Text will populate the window before it instructs you to 'Press any key to continue. . .' and complete the installation process.

4. End
