- RZ09-02887
- RZ09-02888

APPLICATION NAME AND VERSION

Realtek ALC298 Application Version 1.2.158.0

INSTRUCTIONS

Note: This download is only intended for the Razer Blade Laptop(s) listed above. Updates for this application may be available via standard Windows Updates. To ensure you have the latest application installed on your Blade please make sure to apply all available updates from Windows.

Please follow the instructions below to download and install the original application for your Blade. Following the installation, it is recommended to search for any available Windows Updates.

- Ensure your Blade is plugged into a wall outlet and not running on battery alone before proceeding.
- Please save any open documents on your computer and close all other programs before attempting this update.
- Download the application from the link below. You will need to right click the .zip folder and choose to extract the files to a location of your choosing (such as your desktop) to locate the files for the installation process.

<http://rZR.to/QuNNk>

- Once you have extracted the file proceed to the installation steps below.

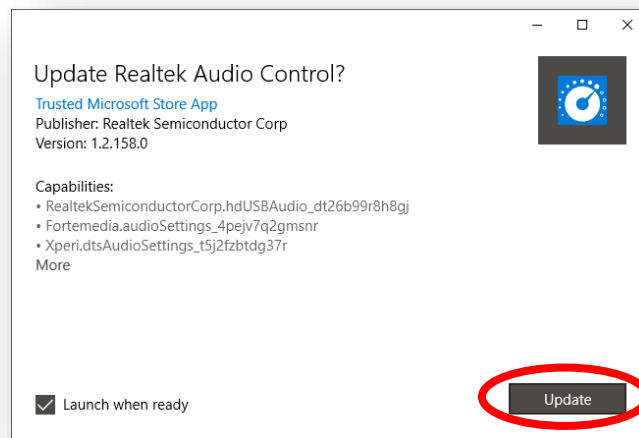

INSTALLATION PROCESS

Note: This app is dependent upon the Realtek Driver. Please ensure the Driver is installed prior to installing the Realtek Audio App.

1. To begin the installation process, click on the 9ff82ffaaf3c424d98ccbbd5e3f19b2e.appxbundle (APPXBUNDLE File) as shown in the image below:

2. Upon launching the application, you will be prompted to Update Realtek Audio Control, as shown here:

3. A quick progress bar will appear and immediately and you will be prompted to launch the Realtek Audio Control application (if it has not been opened upon completion).
4. End
