DRIVER INSTALLATION INSTRUCTIONS

APPLICABLE MODEL NUMBERS

• RZ09-03148

DRIVER NAME AND VERSION

NVIDIA GeForce Experience App Version 3.19.0.107

INSTRUCTIONS

Note: This download is for the original driver that was installed on your Razer Laptop. Updates for this driver are available via standard Windows Updates. To ensure you have the latest driver installed on your Blade please make sure to apply all available updates from Windows.

Please follow the instructions below to download and install the original driver for your Blade. Following the installation, it is recommended to search for any available Windows Updates.

- 1. Ensure that your Blade is plugged into a wall outlet and not running on battery alone before proceeding.
- 2. Save any open documents on your computer and close all other programs before attempting this update.
- 3. Ensure that you have downloaded and installed the NVIDIA driver first before proceeding to the installation of the NVIDIA Geforce Experience APP. You can download the driver and the app through the links below:

NVIDIA Graphics Driver: <u>http://rzr.to/Shwaw</u> NVIDIA GeForce Experience App: <u>http://rzr.to/HDuUN</u>

4. Once you have extracted the file proceed to the installation steps below.

INSTALLATION PROCESS

1. To initiate the initial process, click on the setup.exe (Application) as shown in the image below:
