DRIVER NAME AND VERSION

Intel Chipset Driver Version 10.1.12.2

INSTRUCTIONS

Note: This download is for the original driver that was installed on your Razer Laptop. Updates for this driver are available via standard Windows Updates. To ensure you have the latest driver installed on your Blade, please make sure to apply all available updates from Windows.

Please follow the instructions below to download and install the original driver for your Blade. Following the installation, it is recommended to search for any available Windows Updates.

1. Ensure that your Blade is plugged into a wall outlet and not just running on battery before proceeding.
2. Save any open documents on your computer and close all other programs before attempting the update.
3. Download the firmware from the link below. You will need to right click the .zip folder and choose to extract the files to a location of your choice (such as your Desktop).
