DRIVER NAME AND VERSION

Thunderbolt™ 3 Driver Version 1.41.648.5

INSTRUCTIONS

Note: This download is for the original driver that was installed on your Razer Laptop. Updates for this driver are available via standard Windows Updates. To ensure you have the latest driver installed on your Blade please make sure to apply all available updates from Windows.

Please follow the instructions below to download and install the original driver for your Blade. Following the installation, it is recommended to search for any available Windows Updates.

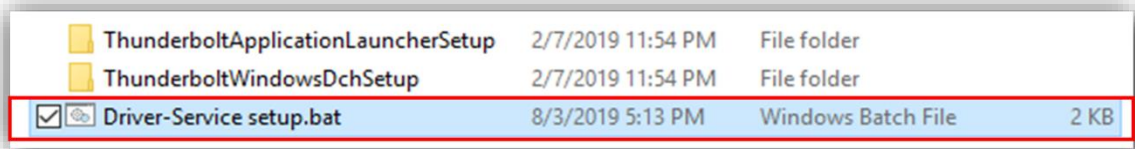

1. Ensure that your Blade is plugged into a wall outlet and not running on battery alone before proceeding.
2. Save any open documents on your computer and close all other programs before attempting this update.
3. Download the driver from the link below. You will need to right click the .zip folder and choose to extract the files to a location of your choice (such as your desktop).

<http://rZR.to/es00e>

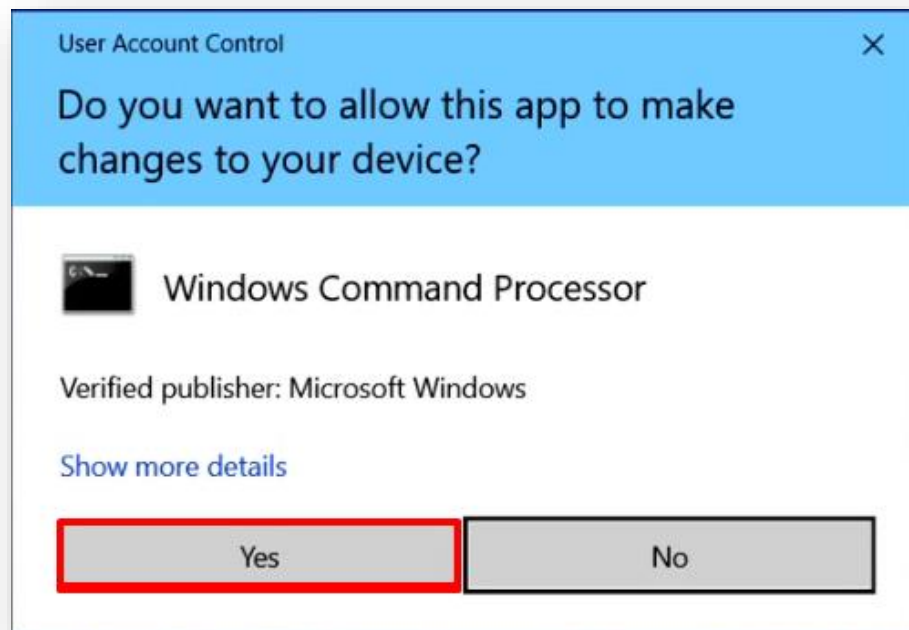

4. Once you have extracted the file proceed to the installation steps below.

INSTALLATION PROCESS

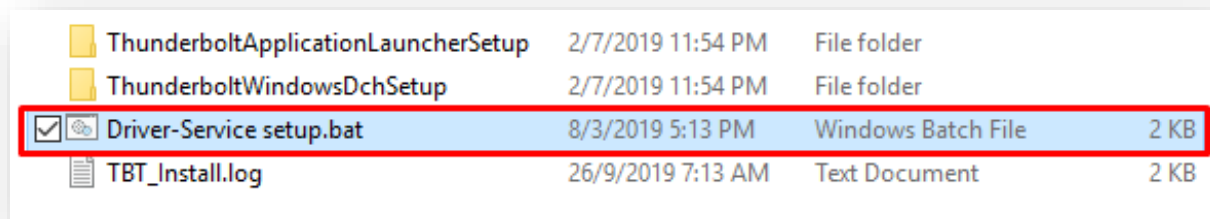

1. Double click "Driver-Service setup.bat" in the "intel_tbt_driver_1.41.648.5" folder.

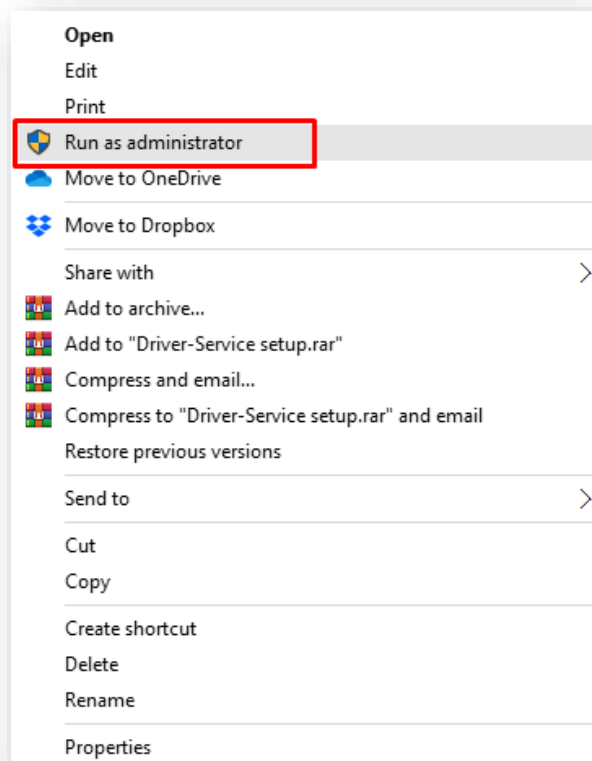

2. User Account Control will appear on the screen, click "Yes" to continue.

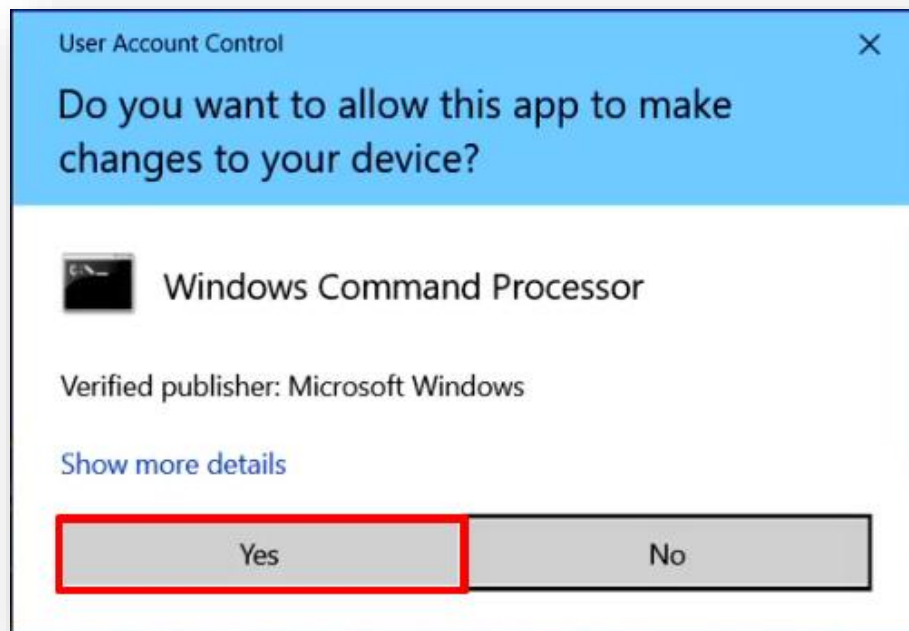

3. Once "TBT_Install.log" is already present in the folder, right click on "Driver-Service setup.bat".

4. Select "Run as administrator" and wait for screen prompts.

5. User Account Control will appear again. Click "Yes" to continue.

6. A command prompt will pop up on the screen. Wait for "Press any key to continue..." then press any to close.
