Updating Razer Lachesis firmware.

To download the latest Razer Lachesis firmware from the Razer Support site, please refer to this link – http://www.razersupport.com/index.php?m=downloads&a=view&parentcategoryid=18&pcid=0&nav=0

Click on Download and save the file onto your desktop.

Unzip the file and you will see an .exe file. Double click on the .exe file to initialize the firmware update.

Once the setup.exe file is executed, you will be prompted with the following screen.

						1
PROGRESS METER	11 14.				\mathbb{Q}	
Warning: Do not u rupted power sup or permanent dam	nplug the p pply to com nage to your	product an puter duri Razer pro	nd ensure uni ng update pro oduct may resi	inter- ocess ult!		
	/	Start	Cancel			

Click on Start to continue with the firmware update. There will be an indicator bar to show the progress of the update.

Once completed, you will be prompted with the following screen.

Follow the instructions accordingly before using the Razer Lachesis mouse once again.
